Billing & payment

Private billing practice. We're a privately billing practice. Payment is made on the day of your appointment and can be made by cash, EFTPOS or credit card.

Medicare rebates. If you're eligible, we can process your Medicare rebate at the time of payment, with the rebate generally deposited directly into your nominated bank account by Medicare.

Cancellations and missed appointments

We understand that things don't always go to plan. If you need to cancel or reschedule, we just ask for at least 2 hours' notice so we can offer that appointment to another patient who may be waiting. Late cancellations or missed appointments will incur a \$40 fee for standard appointments or \$60 for long appointments, which helps us manage appointment availability fairly for all patients.

*Out-of-pocket is the approximate gap payable after the Medicare rebate for eligible patients, shown as a guide only. Medicare rebates are current as at 1 July 2026 and may vary depending on the Medicare item claimed and your eligibility. Telehealth consultations may be privately billed where Medicare rebates do not apply. Billing remains at the discretion of your GP and may be subject to change. This schedule is a guide only and does not constitute a quote — for a fee specific to your appointment, please contact our friendly reception team.
