Consultation fees vary depending on the type and length of appointment. If you're eligible for Medicare, you can then claim a Medicare rebate, which reduces the amount you pay out of pocket.

Billing & payment

Private billing practice: Subiaco Medical Collective is a private billing practice. Our priority is to provide thoughtful, personalised and high-quality care to our community. This takes time, allowing our doctors to listen and assess with care and accuracy, rather than rushing through consultations.

Medicare rebates: Consultation fees vary depending on the type and length of appointment. If you're eligible for Medicare, you can then claim a Medicare rebate, which reduces the amount you pay out of pocket.

Cancellations and missed appointments

We understand that things don't always go to plan. If you need to cancel or reschedule, we kindly request at least **24 hours'** notice so we can offer that appointment to another patient who may be waiting. Late cancellations or missed appointments will incur a **\$60** fee, which helps us manage appointment availability fairly for all patients.

*Out-of-pocket is the approximate gap payable after the Medicare rebate for eligible patients, shown as a guide only. Medicare rebates are current as at 1 July 2026 and may vary depending on the Medicare item claimed and your eligibility. Telehealth standard consultations attract the same Medicare rebate as in-person standard consultations for eligible patients. Billing remains at the discretion of your GP and may be subject to change. This schedule is a guide only and does not constitute a quote. For further details, please contact our team or call us during business hours. We are always happy to answer any questions you may have.
